

CLEAN ENERGY MIXERS

Please join the Great Plains Alliance for Clean Energy and the Kansas Sierra Club to learn more about the proposed coal plant and how you can provide effective public comments to KDHE.

Featured Guest Speaker: Leslie Glustrom

Leslie Glustrom is a founding member of Clean Energy Action. Trained as a biochemist, she resigned from her job at UC-Boulder to work full time on climate change and clean energy issues. Leslie is recognized nationally as an expert on PRB coal supply issues.
